

CRS v.6.1 (2006) Performance Measure Topic List (Included in the Selected Measures [Local] Reports)

* Indicates Topic Included in the National GPRA/GPRA Performance Reports

FY06 GPRA Performance Measure Topics	Other Clinical Performance Measure Topics
1. Diabetes: Glycemic Control (<i>contains 2 measures: Poor Control and Ideal Control</i>)*	1. Diabetes Prevalence (<i>reported in GPRA as a background measure, although it is not reported for performance purposes</i>)*
2. Diabetes: Blood Pressure Control*	2. Diabetes Comprehensive Care
3. Diabetes: Lipids Assessment*	3. Diabetes: Access to Dental Services
4. Diabetes: Nephropathy Assessment*	4. Adolescent Immunizations
5. Diabetic Retinopathy*	5. Appropriate Treatment for Children with Upper Respiratory Infection
6. Access to Dental Services*	6. Appropriate Testing for Children with Pharyngitis
7. Dental Sealants*	7. Tobacco Use and Exposure Assessment*
8. Topical Fluoride*	8. Antidepressant Medication Management
9. Adult Immunizations: Influenza*	9. Obesity Assessment*
10. Adult Immunizations: Pneumovax*	10. Nutrition and Exercise Education for At-Risk Patients
11. Childhood Immunizations*	11. CVD and Blood Pressure Control*
12. Pap Smear Rates*	12. Controlling High Blood Pressure
13. Mammogram Rates*	13. Comprehensive CVD-Related Assessment*
14. Colorectal Cancer Screening*	14. Beta-Blocker Treatment After a Heart Attack*
15. Tobacco Cessation*	15. Persistence of Beta-Blocker Treatment After a Heart Attack*
16. Alcohol Screening (FAS Prevention)*	16. Cholesterol Management for Patients with Cardiovascular Conditions*
17. Intimate Partner (Domestic) Violence Screening*	17. HIV Quality of Care
18. Depression Screening*	18. Chlamydia Testing
19. Childhood Weight Control*	19. Osteoporosis Management
20. CVD and Cholesterol Screening*	20. Osteoporosis Screening in Women
21. Prenatal HIV Testing*	21. Rheumatoid Arthritis Medication Monitoring
	22. Osteoarthritis Medication Monitoring

FY06 GPRA Performance Measure Topics	Other Clinical Performance Measure Topics
	23. Asthma
	24. Asthma Quality of Care
	25. Asthma and Inhaled Steroid Use
	26. Chronic Kidney Disease Assessment
	27. Prediabetes/Metabolic Syndrome*
	28. Medications Education
	29. Public Health Nursing*

CRS v.6.1 (2006) HEDIS Report Performance Measure Topic List

HEDIS Report Performance Measure Topics	Included in HEDIS Report Only?	Corresponding Topic in National GPRA and/or Selected Measures Reports	Includes Differences from Same Topic in Other CRS Reports?
1. Childhood Immunization Status		Childhood Immunizations	CRS topic includes additional numerators.
2. Adolescent Immunization Status		Adolescent Immunization Status	CRS topic includes additional denominator.
3. Treatment for Children with Upper Respiratory Infection		Appropriate Treatment for Children with Upper Respiratory Infection	CRS topic includes additional denominator.
4. Appropriate Testing for Children with Pharyngitis		Appropriate Testing for Children with Pharyngitis	CRS topic includes additional denominator.
5. Colorectal Cancer Screening		Colorectal Cancer Screening	CRS topic includes additional denominator and numerators.
6. Breast Cancer Screening (Mammogram)		Cancer Screening: Mammogram Rates	HEDIS topic uses different age range (52-69 vs. 52-64 in CRS). CRS topic includes additional denominator and numerators.
7. Cervical Cancer Screening (Pap Smear)		Cancer Screening: Pap Smear Rates	CRS topic includes additional denominator and numerators.
8. Chlamydia Screening in Women		Chlamydia Testing	CRS topic includes additional denominator and numerators.
9. Osteoporosis Management in Women Who Had a Fracture		Osteoporosis Management	CRS topic includes additional denominator.
10. Controlling High Blood Pressure		Controlling High Blood Pressure	HEDIS definition of adequately controlled BP is $\leq 140/90$ (vs. $< 140/90$ in CRS). CRS topic includes additional numerators.
11. Beta-Blocker Treatment After a Heart Attack		Beta-Blocker Treatment After a Heart Attack	CRS topic includes additional denominators.
12. Persistence of Beta-Blocker Treatment After		Persistence of Beta-Blocker Treatment After a Heart Attack	CRS topic includes additional denominators.

HEDIS Report Performance Measure Topics	Included in HEDIS Report Only?	Corresponding Topic in National GPRA and/or Selected Measures Reports	Includes Differences from Same Topic in Other CRS Reports?
a Heart Attack			
13. Cholesterol Management for Patients with Cardiovascular Conditions		Cholesterol Management for Patients with Cardiovascular Conditions	CRS topic includes additional denominators.
14. Comprehensive Diabetes Care		Diabetes Comprehensive Care	HEDIS topic uses poor Glycemic control (vs. documented Glycemic in CRS), includes evidence of nephropathy in its nephropathy assessment numerator, includes more CPT and ICD-9 codes for other eye exam in the retinal evaluation number, and does not include BP assessment or diabetic foot exam.
15. Use of Appropriate Medications for People with Asthma		Asthma Quality of Care	CRS topic includes additional denominators.
16. Antidepressant Medication Management		Antidepressant Medication Management	CRS topic includes additional denominator.
17. Medical Assistance with Smoking Cessation		Tobacco Cessation	HEDIS topic breaks out counseling on smoking cessation medications separately. CRS topic includes separate number for tobacco users who quit using tobacco during the report period.
18. Flu Shots for Adults 50-64		Adult Immunizations: Influenza	CRS topic includes additional denominators and numerators.
19. Flu Shots for Older Adults		Adult Immunizations: Influenza	CRS topic includes additional denominators and numerators.
20. Pneumonia Vaccination Status for Older Adults		Adult Immunizations: Pneumovax	CRS topic includes additional denominators and numerators.
21. Annual Dental Visit		Access to Dental Services	HEDIS topic includes numerator (User Pop 3-21) not included in CRS. CRS topic includes additional numerators.

CRS v.6.1 (2006) Elder Care Report Topic List

Elder Care Report (Patients 55+)Performance Measure Topics	Included in Elder Care Report Only?
1. Diabetes Prevalence	
2. Diabetes: Glycemic Control	
3. Diabetes: Blood Pressure Control	
4. Diabetes: Lipids Assessment	
5. Diabetes: Nephropathy Assessment	
6. Diabetic Retinopathy	
7. Diabetes: Access to Dental Services	
8. Access to Dental Service	
9. Adult Immunizations: Influenza	
10. Adult Immunizations: Pneumovax	
11. Cancer Screening: Mammogram Rates	
12. Colorectal Cancer Screening	
13. Tobacco Use and Exposure Assessment	
14. Intimate Partner (Domestic) Violence Screening	
15. Depression Screening	
16. Obesity Assessment	
17. Cardiovascular Disease and Blood Pressure Control	
18. Cardiovascular Disease and Cholesterol Screening	
19. Osteoporosis Management	
20. Osteoporosis Screening in Women	
21. Osteoarthritis Medication Monitoring	
22. Functional Status	Yes
23. Asthma	
24. Public Health Nursing	

CRS v.6.1 (2006) CMS Report Topic and Measure List

CMS Report Measure Topics
1. Heart Attack (AMI)
AMI-1: Aspirin at arrival
AMI-2: Aspirin prescribed at discharge
AMI-3: ACE Inhibitor or Angiotensin Receptor Blocker (ARB) for left ventricular systolic dysfunction
AMI-4: Adult smoking cessation advice/counseling
AMI-6: Beta Blocker at arrival
AMI-5: Beta Blocker prescribed at discharge
AMI-7a: Thrombolytic agent received within 30 minutes of hospital arrival
AMI-8a: PCI received within 120 minutes of hospital arrival
2. Heart Failure (HF)
HF-1: Discharge instructions
HF-2: Assessment of left ventricular function
HF-3: ACE Inhibitor or Angiotensin Receptor Blocker (ARB) for left ventricular systolic dysfunction
HF-4: Adult smoking cessation advice/counseling
3. Pneumonia (PN)
PN-1: Oxygenation assessment
PN-2: Pneumococcal vaccination (for 65+)
PN-3b: Blood cultures performed in the Emergency Department prior to initial antibiotic received in hospital
PN-4: Smoking cessation advice/counseling
PN-5b: Initial antibiotic timing
